This Amended Scheduling and Docket Control Order (“Order”) controls the schedule for the Phase 2 discovery and pre-trial and trial work on these two cases. Phase 2 will address and resolve the following issues:

- (a) the allocation of past and future response costs among the responsible parties under 42 U.S.C. § 9613(f), and related technical or historical issues;
- (b) whether the costs claimed were or are necessary costs of response consistent with the National Contingency Plan (40 C.F.R. Part 300 *et. seq.*);
- (c) additional cost recoverability issues;
- (d) whether any claims are time-barred in whole or in part under the applicable statute of limitations; and
- (e) whether the United States is entitled to any relief on its counterclaims for contractual indemnification based on Plancor lease agreements.

The scope of written, fact witness and expert witness discovery for Phase 2 is limited to items (b) through (e), except as otherwise noted below. However, nothing in this order precludes the further deposition of any expert serving a supplemental report, regardless of the issues that report addresses.

Any prior stipulation and order or protective order governing Phase 1 discovery conducted applies to any Phase 2 discovery. Any issues that the parties previously agreed or contended should be excluded from Phase 1 and reserved for a subsequent phase of this litigation is within the scope of Phase 2.<sup>1</sup>

The following scheduling provisions apply to Phase 2, unless otherwise indicated:

The party serving these requests has the right to re-serve the same requests after discovery for Phase 2 begins.
